## About Auralog:

Auralog delivers advanced language learning solutions to the global enterprise. Leveraging 20 years of experience our proven solutions promote sound language acquisition, build confidence, and help drive productivity within organizations of all sizes.

## Course Overview

TELL ME MORE® provides you with the most advanced language learning solution on the market for Dutch language learning. Combining the proven methodology of the communicative approach with state-of-the-art technology, TELL ME MORE® will teach you to speak Dutch in the same environment you learned your native language. With full language immersion, TELL ME MORE® will keep you engaged and learning faster than you could imagine.

Focusing on all major areas of language learning (speaking, comprehension, reading, and writing), TELL ME MORE® is the best way to successfully learn a new language. Offering more content and activities than any competing product, TELL ME MORE® is the only solution focusing on these crucial four areas, teaching you all the skills necessary to become truly language proficient.

## Course Levels

**Level I/Level II:** These levels are designed for learners with no previous Dutch language exposure to efficiently acquire the target language.

- 2,500+ real-life images and phrases in 12 lessons
- 250 hours of instruction (depending on learning style)
- Sample Topics Include:
  - Your family and family members, Describing yourself and others, the Netherlands, Around the country, Ordering meals, Asking for directions

**Level III:** The advanced level is designed to challenge the learner to retain previous knowledge, as well as understand more complicated grammar rules and sentence structures.

- 2,500+ real-life images and phrases in 12 lessons
- 250 hours of instruction (depending on learning style)
- Sample Topics Include:
  - On vacation, Shopping, Rain or shine, Camping, At the beach
